Dear Friends:

Little Old West Bridgewater is beginning to get back to normal. Many familiar faces are reappearing as some of you boys and girls are getting home again either on furlough or discharge. Frankie Burque's is again the rendezvous of the gang. We are patiently awaiting the time when all of you will be with us again.

Halloween was as exciting as ever and possibly a little more out of hand. The usual small fires kept Eddy Bourne's crew on the jump. Two incidents which cannot be classed as pranks were the burning of the Rooslet House on Stony Road and a barn on Brooks Place.

You folks in the tropics may be interested to know that we had a preview of winter on Nov. 4th when it snowed for over three hours. The ground was warm so there was no need of snowshovels.

A Tri-Town Armistice Day program was arranged. It started to rain Saturday and kept at it for a week so all but the dance had to be cancelled. The dance, which was held in the West Bridgewater Town Hall on Saturday evening, was well attended and enjoyable.

Will close with the hope to see you soon and assure you that these little chats will keep coming until you get here.

Credit is due to Coach Vincent Gori for the excellent job he did in getting the boys out on the training field every afternoon (rain or shine) and the job he has done in urging the school to earn more money to pay for the equipment for the team. Basketball

Because Coach Gori has been spending every good afternoon in football practice, the candidates for the basketball team have postponed practice for that sport. However, practice will begin in earnest after Thanksgiving with the first game scheduled away from home at Norwell on December 11. The boys are in good condition after their football season and we hope for as successful a basketball team as we had in football.

At the time of writing this, indications are that the local High School Gym will have to serve for home games.

A group of former H.H.S. basketball stars are forming a Town Team, with the backing of a group of sports-minded older men in the town including Mr. Swann, Mr. Caswell, Mr. Eaton, and Mr. Howard, among others. Bob Swann, Elliott Winn, Art Chaves, Jiggs Lucini, the Pagani's, Charles Hill, and Ace Cheyunski, in addition to others, are reporting for practice in the H.H.S. Gym. Once a basketball player always a basketball player, I guess.

outside news for four years, had much to hear from the crew of the
ile, a veteran of more than 40 engagements in two and one-half years
fighting.

PFC. Howard Goodwin, before coming home on sick leave, had, after being captured by the Japs, lived only on raw rattlesnakes and rice for twenty days. He is suffering from concussion of the stomach, brought about when a shell exploded in back of him and another one in front of him at the same time. Since the explosion, which killed three of his buddies, Goodwin hasn't been able to hold any food down and has been fed through veins. He says that the Japs attempted to bomb the hospital at Hollandia, where he was being treated, three weeks after the war had ended.

Ernest said that when he was hospitalized in England, our Newsletter went from bed to bed in the ward, so eager were the men to hear news of any kind from "States Side," even from a totally unfamiliar place.

Ernest met his brother George, a Sergeant in the AAF, twice in Europe--at Cambrai, France, and Maastrich, Holland. While in France, George was official interpreter for his colonel, and transmitted Army orders to the French civilian workers. He is back here now and with a discharge due in November after 18 months overseas.

Sgt. Rita Dansereau of the Marines was married on Oct. 21 in Brockton's Sacred Heart Church to Anthony Grence of Butler, Penn. of the U.S. Army, presently stationed in Washington, D.C., where the couple originally met. Among the older West Bridgewaterites to arrive home, we note Lt. Col. Henry Weston. He is at his home in Brockton and expects to resume practice as a dentist after the first of the year. If he didn't catch you with an ailing tooth in the army, watch your step or he'll catch you later.

He came to Westover Field Nov. 10 after having been stationed on Guam, where he helped with catching Japs and general wiping up as well as in the construction of the big air base there. Miss June Teixeira was wedded to P.O. Thomas Rogers, USNR, Nov. 4. The reception was held at the Walk-Over Club where about 200 guests attended. Good food and music furnished by an orchestra was enjoyed by all. After the reception, the couple left for a wedding trip to New York.

Mr. & Mrs. Lewis W. Pearson of 47 Plain Street observed their 60th wedding anniversary, October 17. That's a long time happily married. It just goes to show you it does happen and not in movies either.

Catherine Woodward, HHS '42, is in New York attending the Barbizon Modeling School and is registered with Harry Conover. Maybe we'll have a "Cover Girl" from West Bridgewater.

Big headlines the day-after-Thanksgiving, announced the end of meat rationing. Now all that's on the list of rationed foods is sugar and it won't be long before even that will be a thing of the past.

The boys from Jerusalem who have been gone some time will note changes when they return. The old Manley house at the hill, owned and occupied by Tony DeMolles, was recently destroyed by fire. This is the second big fire Jerusalem has had this fall, the other being the old Madeiros place on Walnut Street, which was unoccupied. The DeMolles place, consisting of house, barn and shed, is a total loss. The fire was discovered at about 10:30 in the morning and started in the old barn, where some hay was stored. It spread rapidly through the wood shed and to the main house. Low water pressure hampered the firemen in their work and a high wind fanned the flames, endangering other property in the neighborhood. Pupils of the Jerusalem School were dismissed and taken out of the danger zone by the firemen.

Well, Thanksgiving has come and gone and by the time you get this, Christmas will be well on its way--it may be all over if this letter has to chase you around as some of the mail does.

Though so many of our boys are still away from home and there seems to be unrest in many parts of the world, including our own ole U.S.A., the day was hailed as the first Thanksgiving-in-Peace and accepted with prayers of thanks by everyone.

With our newsletter list cut from two hundred and seventy-six to approximately one hundred and seventy-five, we feel that W. Bridgewater is fast reclaiming her own and the time will be here shortly when we can say--"Thank God, they are all back."

Officially, Thanksgiving may be the third or second or fourth Thursday in November but the day the last local boy lands home--THAT'LL BE THE DAY!!! Yes, indeed, THAT will TRULY be THANKSGIVING DAY!!! Here's hoping it will be right soon.

Sincerely,
